PINCHOT SAILS TO MEET ROOSEVELT

Will Greet Ex-President at Naples Next Saturday---Believed That He Has Been Summoned But Rumor is Promptly Denied by Friends.

TAFT FAVORS THE IMMEDIATE DISARMAMENT OF NATIONS

In Address Before Arbitration League Declares High Cost of War Has Great Weight to Secure Peace.

By Associated Press.
NEW YORK, March 22.—President Taft spoke in the cause of a world peace tonight before such a brilliant assemblage that he described it as "superlative." He was the guest of honor at a banquet of peace of the Arbitration League and was the principal speaker.

International peace was the keynote of every speech, but no speaker advocated the immediate disarmament of the nations. All agreed armies and navies were necessary until a more Utopian universe shall have come.

President Taft said: "I do not

wish to seem inconsistent in urging peace by arbitration, while at the same time I am using every effort to have congress provide for two new battleships this year. I am hopeful that the naval force will be doubled by the time of the Panama canal opening. Then we can stop and think whether to go further. The expense of armament is working toward peace. The expense of war, I am sorry to say, is having greater weight in securing peace than the expense of lives." Taft partially retracted the recent adverse criticism made by him of the press.

DECIDE UPON SAN FRANCISCO AS SITE FOR FAIR

By Associated Press.
SANTA BARBARA, March 22.—After four hours' session the convention of 100 delegates representing the three score California commercial bodies, called here to decide the controversy between the San Francisco and San Diego people regarding the Panama exposition voted unanimously in favor of San Francisco for the site of the fair.

San Diego was not represented the exposition company of that city refusing to either join the conference or abide by its decision. Los Angeles was not represented either. Its commercial bodies offered to act as mediators.

A SECOND OPERATION WILL BE PERFORMED

W. C. HUMPHREYS IS GAINING STRENGTH AT LANE'S HOSPITAL.

Mrs. R. F. Gilbert, assistant county treasurer, yesterday received advices from the bedside of her father, County Commissioner W. C. Humphreys, who is ill in the Lane hospital at San Francisco, that the patient was gaining strength daily, and the last few days had resulted in a marked improvement.

A second operation will be performed within a short time and all the strength and vitality of the aged commissioner will be needed. The first operation was a minor one and was performed shortly after the arrival of the patient at the hospital.

Mrs. Humphreys and a daughter, Mrs. Richards, are now at the bedside and will remain there for some weeks yet or until Mr. Humphreys is entirely out of danger.

NELSON AND WOLGAST MAY MEET AGAIN

By Associated Press.
ST. LOUIS, March 22.—Ad Wolgast tonight practically agreed to meet Battling Nelson. Tom Jones, Wolgast's manager, suggested September 9 at San Francisco, as the logical time and place for the battle.

Now Evident That Teddy Will Receive First News of Controversy From the Former Chief Forester.

By Associated Press.
WASHINGTON, March 22.—Washington today woke up to the fact that Pinchot, whom Taft recently removed from the position of chief forester of the United States, was on the ocean, already four days out on the steamer Grant, on his way to meet Roosevelt, probably at Naples. Pinchot is due at Hamburg next Monday. Roosevelt is to arrive at Naples on the following Saturday. The current rumor here is that Pinchot is acting in compliance with a summons received by cable Friday from Roosevelt. Nobody in a position to know would either deny or confirm this part of the story. There is no denial that

Pinchot has gone to meet Roosevelt, however.

It is evident that Roosevelt will receive from Pinchot the first direct information regarding the forestry controversy. Senator Root refused to confirm the report that he had written to Roosevelt at Khar-toum regarding the forestry investigation in which he was one of the committee. If this were true it might afford a partial reason for the supposed cablegram to Pinchot. Pinchot's friends say he would not quit the investigation to seek an uninvited interview with the ex-president. Others claim that Roosevelt is too good a politician to extend such an investigation before conferring with Taft.

MARATHON DANCE IS STOPPED BY POLICE

SAN FRANCISCO, March 22.—The police stopped the world's championship Marathon dance here yesterday afternoon after six of the contestants had been dancing fifteen hours and six minutes. A storm of protest arose from the three thousand spectators and a riot was prevented only by the determined manner in which the blue-coats held back the crowd and cleared the platform. Doctors who were in attendance advised the police that further physical exertion on the part of the dancers might cause fatal results.

Seven couples entered the contest and five couples finished. The dancing began three minutes after the midnight hour last night and the official record shows that the event was over at nine minutes past three o'clock. The old record was fourteen hours and forty-two minutes.

Probably the most remarkable feature of the performance was the fortitude of J. A. West, who is 58 years old. Although at times during the night it seemed that his struggle to continue was torturing him, he waved his seconds aside and kept it up. West's partner was a sixteen year old girl.

WE WONDER WHAT HE SAID IN OTHER PLACES

Listen to what President M. M. Cutter of the Tonopah and Goldfield railroad says to the Goldfield News:

"We are more anxious than the people of Goldfield to get the shops moved. We have already lost thirty days of good weather and every day means a loss to us."

Here is what he told the Bonanza several weeks ago:

"My interests are with Tonopah and I am more than anxious to see the shops remain in this city."

We willingly hand the medal for consistency to President Cutter. Surely thou art better than a jewel.

MAYBRAY SENTENCED TO TWO YEARS IN PRISON

COUNCIL BLUFFS, Iowa, March 22.—The maximum penalty of two years in the federal penitentiary at Fort Leavenworth, Kansas, and a fine of \$10,000 was meted out to John C. Maybray and nine others by Judge Smith McPherson yesterday. In the federal district court here, when they appeared for sentence following their conviction by a jury Sunday for extensive swindling by fraudulent use of the mails. Four other defendants received less severe sentences.

TIM SULLIVAN FIGURES BRIEFLY IN INQUIRY

By Associated Press.
NEW YORK, March 22.—State Senator Timothy "Big Tim" Sullivan figured briefly in the insurance inquiry today when George Seward, president of the Fidelity Casualty company, testified that a representative of "Big Tim" offered in 1892 to "put off" a bill objectionable to the company for \$10,000. Sullivan apparently does not take the charge seriously. Seward's testimony, he said, was merely hearsay, and does not concern him.

EXTEND THANKS TO THE H. J. HALL COMPANY

The pupils and teachers of the Tonopah schools yesterday asked the Bonanza to publicly thank Jack Hall, of the H. J. Hall company, for the donation of oranges that were presented last Saturday. Every scholar was the recipient of a half dozen large juicy oranges and to say that the youngsters were pleased, would be a mild expression.

Yesterday two little tots wandered down again to the scene of where the fruit was distributed, and approaching Mr. Hall timidly asked him when he was going to give away some more oranges.

"Because," they said, "the last were so good."

SKELETON JUST DISCOVERED OF MISSING PROSPECTOR

SAN BERNARDINO, Cal., March 22.—That E. Clifford, prospector, perished on the desert last summer, was shown by the finding of his remains by Andreas Hayman Wednesday.

Coroner Vanwie received a telegram from Justice Harper of California notifying him of the discovery of the skeleton. Nearby his clothing was found. The pockets contained \$210 in coin, besides letters establishing his identity. Last week Clifford's camping outfit was found by Robert Martin, three miles from the skeleton. Clifford left Needles last summer with two burrows, heavily packed, for a prospecting trip. His failure to return by fall started a fruitless search. It is believed that he perished for lack of water.

PAULHAN SAILS FOR HOME.

NEW YORK, March 22.—It was announced today that Louis Paulhan, the French aviator, who has been missing since the legal difficulties with his manager over the aviator's refusal to continue his flights here, sailed for Europe with his wife Saturday.

IMMUNITY BATH BECOMING POPULAR IN PITTSBURG

Members of Municipal Bodies Continue to Relate Guilt of Accepting Bribes to the Grand Jury.

By Associated Press.

PITTSBURG, Pa., March 22.—Nine more former members of councils, before the district attorney today confessed their guilt in accepting money for their votes while members of the municipal bodies, and before Judge Frasier received their immunity bath of suspended sentence. When the grand jury adjourned late this afternoon it had returned no indictments, although it had listened for hours to developments in the bribery scandal even more sensational than those brought out yesterday.

John Klein was before the grand jury nearly all day recounting his experiences in handing out money to councilmen. "There was one fel-

low," said he, "who was a daisy—a regular Shylock for the dough. In the South Seventh street business I handed him \$81.00, and he looked at me for one minute and then yelled like a stuck pig for the extra ten cents. You know \$81.10 was the standard price in that deal. Well, he got the ten cents all right."

As soon as the bribe takers are rounded up District Attorney Blakeley will go after the bribe givers. These are said to be bank officials whose names have never before been mentioned in a graft investigation. The "tip" has been passed to the bankers that they can secure immunity by confessing but so far none have taken advantage of it.

VACINATION LAW UNCONSTITUTIONAL IN CALIFORNIA

By Associated Press.
SANTA CRUZ, Cal., March 22.—The state law making vaccination obligatory for all children in the public schools was declared unconstitutional today by Superior Judge Smith. The ruling was given on the application of the health board to exclude from the Watsonville public schools all children who had not been vaccinated. The judge said rich parents avoided the law by sending their children to private schools.

AVIATION FILM MAKES BIG HIT AT BUTLER THEATER

Today at the Butler theater will be shown five pictures. "The Aviation Meet," held at Los Angeles, will be shown again, as this picture is so interesting that the management has arranged to keep it here for another day. In addition to the airship pictures the following subjects will be shown: "Baby's First Tooth," comedy; "Panicky's Picnic," comedy; "The Little Beggar," drama and a big feature film entitled, "Saved from the Tide." This is an interesting picture and any one attending the Butler will enjoy a swell program. The management wants to apologize for the delay in the first show last night. The machine, which broke down last night, is now in perfect order and there will be no more delays or blurred pictures.

NEW SEATTLE MAYOR STIRS UP TROUBLE

By Associated Press.
SEATTLE, Wash., March 22.—The new republican city administration, elected on a platform favoring liberal administration of the saloon and Sunday laws, was inaugurated today with prospects of a strenuous career. One of Mayor Hiram C. Gill's first acts was to remove from office Fire Chief Harry W. Bringham, who is subject to the civil service rules, and

ROOSEVELT AND HIS PARTY EXAMINE OLD TEMPLES

By Associated Press.
LUXOR (Upper Egypt), March 22.—Today the Roosevelt party spent a strenuous day inspecting the ancient temples. The excursion was rather exhausting to most of the party but Roosevelt took great delight in the fact that on the return across the desert on horseback he beat them all in spite of his weight.

LADIES' CLASS IS ORGANIZED AT GYMNASIUM

AUXILIARY TO VOLUNTEERS ELECT OFFICERS LAST EVENING.

A ladies' class was organized at the volunteers' gymnasium last evening by Professor William Shafer, instructor in calisthenics. At the meeting the following officers were elected:

President, Mrs. James Hayward; vice president, Mrs. Grace Cavanaugh; secretary, Mrs. Frank Darragh; treasurer, Mrs. E. Dobrowsky.

The meetings will be held every Wednesday night, which have been set aside for the ladies and regular class work will be taken up. The auxiliary starts off with a good membership which will be added to as the work progresses.

who will fight in the courts against removal.

A storm of wrath has been raised in a large section of the city over Mayor Gill's announcement that the large wooden barracks on Eighth avenue south, built a year ago to contain women, and which were not occupied because of popular protest, would be the seat of the so-called restricted district. The property is owned by wealthy politicians.

Lots of comedy at the Butler today.

For results try the Bonanza.
